

Musa's garden

This isn't
Heaven...

... but
I assure you,
it is just as
SAFE.

My name
is *MUSA*

Welcome to
my garden!

I am so happy
to finally meet you
face to face—

D-Dante?

He's still
on edge...

I-I'm sorry
for causing so
much trouble...

RUB
RUB

I didn't
expect bringing you
here would be so
difficult!

Your world
has changed so
much...

My world?

Bing me
where exactly?

!

Oh! Well...

Wait!

One more
question...

Was I the only
one who could
see you?

I mean, you
kept appearing
out of nowhere

but nobody
even turned...

How were
you even
doing that?

And then-
THAT CAR!

How
did you not
get hit?!

We could have
DIED right there...

OH!

And that
abandoned
building...

THAT
was not
"SAFE"

And how
did we get *here*
from *there*?!

And what
about...

Why?

A moment ago
you said this was
HEAVEN...

... and now
you're acting like
it's HELL?

Maybe people
don't believe in
Muses anymore...

Maybe
this...

...was a
MISTAKE.

AND
ONE MORE
THING!

Am I
just **LOSING**
MY MIND?!

Because it
kinda feels
like I am...

N-No!

FOCUS!

SNAP!

It's
alright!

Your mind
is perfectly
fine, Dante!

Your curiosity
is speaking...

... and you
are finally
listening!

It can be
overwhelming...

I understand.

As I understand it,

this garden is a separate realm from your own...

Like another dimension...

...but it is also connected to it!

Gloooow

This little pond is my window into your world.

!

My magic mirror, if you will.

This is how I could see you and communicate with you...

You mean how you were *spying* on me...

Thank you for your time!
